“Teaching Tools for Special Children”, is an educational workshop for parents, families, and educators of children with Down syndrome and other developmental delays. Special Offspring, L.L.C. offers curricular materials in reading, handwriting, spelling, and phonetic skills based on the research results presented in the “Teaching Tools for Special Children” Workshops. All curricular resources have been designed to meet the specific learning needs of children who have Down syndrome and other developmental delays.

In celebration of the potential and accomplishments of persons who have Down syndrome and other cognitive challenges, both the workshop and the curricular materials feature these remarkable persons. Completion of the form below grants permission to display the model's picture in materials and programs offered by the “Teaching Tools for Special Children” Workshop” and/or the educational materials offered by Special Offspring, L.L.C.
